K-8 ARTS INTEGRATION AND STEAM ONLINE CONFERENCE

SUMMER **CONFERENCE** GUIDE

July 21-22, 2022

Welcome to the **Summer 2022 Teach in Color Conference** for Arts Integration and STEAM.

Get ready for 2 days of inspiration, creativity, and connection with these speakers, teachers, and artists:

2022 THEME:

*better
together*

Don't forget to join the **Private Community** for Conference Participants!

Table of Contents

Tech Check & Link Information	4
Schedule	5
Drink Menu & BINGO Card	7
Day 1 Brain Break Handouts.....	10
Day 1 Session Handouts	11
Day 2 Brain Break Handouts	25
Day 2 Session Handouts	29

End of Day Announcements

DRINK MENU

Teacher's Aid (non-alcoholic)

- 1 (12-oz.) can frozen pink lemonade concentrate, thawed
- 4 cups white cranberry juice cocktail
- 1 qt. club soda, chilled

Garnish: fresh mint sprigs

Bad Report Card

- 1 oz. Vodka
- 1 oz. Rum
- 1 oz. Gin
- 1 oz. Tequila
- 2 oz. Sweet & Sour Mix
- 1 oz. Lemon Lime Soda
- 1 oz. Blue Curaçao

Garnish: lemon slice, cherry, mint

Teacher's Pet

- 1 1/2 oz. Strawberry Vodka
- 1 1/2 oz. Citrus Vodka
- Pink Lemonade
- Optional: 1/2 pint of raspberries or blackberries

Garnish: lemons

The Teach in Color

- 1 oz. Grenadine
- 1/2 oz. Peach Schnapps
- 1 1/2 oz. Pineapple Juice
- 1 oz. Vodka
- 1/2 oz. Blue Curaçao

Garnish: orange slice, cherry

SUMMER 2022 BINGO

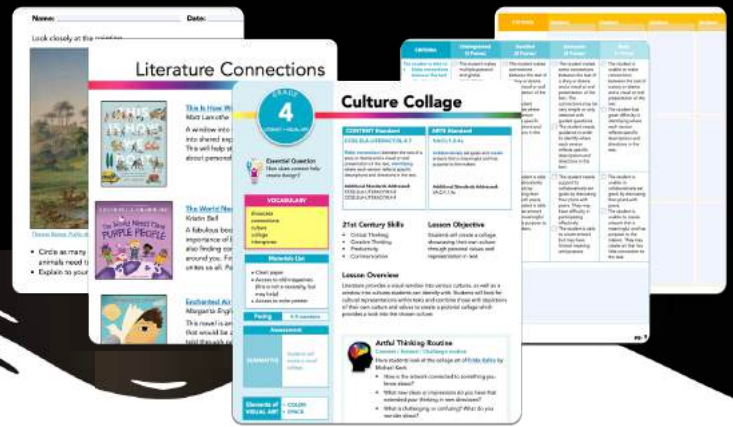

Join in the fun this year and see if you can get BINGO before anyone else. If you do - and you share out BINGO! In the chat first - you'll get some sweet swag on us.

WATCHING WITH FRIENDS	TRIED A <i>Cocktail/ Mocktail</i> RECIPE	USED A FLAIR PEN TO TAKE NOTES	 WATCHING THE EVENT <i>Poolside</i>	SKETCH-NOTED A SESSION

TYPHANI SAID <i>"Yaaaaassss!"</i>	TRIED A NEW SKILL IN REAL TIME WITH A PRESENTER	POSTED ON SOCIAL MEDIA USING <i>#TeachInColor22</i>	SAID "OOHHH" AT A NEW IDEA	BOUGHT OFFICIAL IAS <i>Swag</i>
 FELT INSPIRED	FOUND A <i>New Strategy</i> TO USE	CREATED A SPIROGRAPH WITH RENEE	PARTICIPATED IN THE <i>Pre-Conference</i> HAPPY HOUR	FOLLOWED A NEW PERSON ON SOCIAL MEDIA

ARTS INTEGRATION & STEAM ACCELERATOR

LEARN MORE & GET ACCESS

Have a group of 10 or more? [Contact Us Here.](#)

The Accelerator gives you access to hundreds of done-for-you arts integration and STEAM lessons, resources, and trainings in one convenient platform. When you use the Accelerator, **you'll help students build creative skills while meeting academic requirements.**

CURRICULUM

300+ Standards-based K-12 arts integration & STEAM lessons with assessments & student materials.

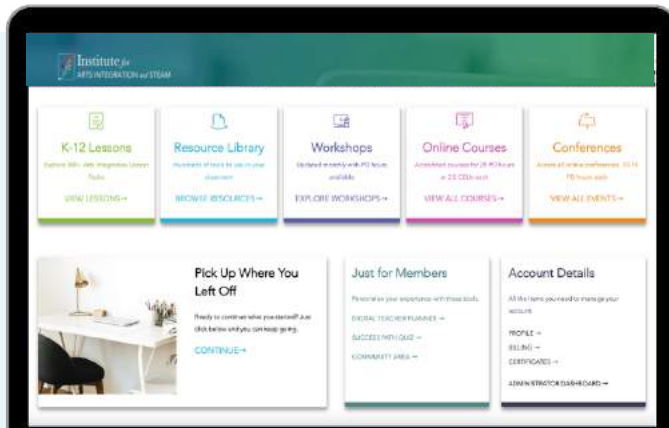

PROFESSIONAL DEVELOPMENT

Monthly workshops, accredited courses, and semi-annual events with PD hours.

RESOURCES

200+ premium templates, forms, and materials in our professional resource library.

A BLUEPRINT FOR ARTS INTEGRATION & STEAM

The Accelerator offers a convenient digital platform that can be accessed anywhere, at any time.

Groups can receive a personalized plan with our dedicated Success Guides. We work with you to create a blueprint that works for your unique school or district.

SCALEABLE + SUSTAINABLE = SUCCESS!

Arts Integration and STEAM are proven to increase student achievement by up to 20%. But to meet this kind of success, teachers need standards-aligned lessons, continuous PD, and ready-to-go resources.

The Accelerator provides you with a simple platform that scales with your effort and makes Arts Integration and STEAM sustainable over time.

PANDEMIC HEART MAP GUIDING QUESTIONS (developed by Lily Howard Scott and Georgia Heard)

Somewhere in or around your heart map, please include your **first name** and the words **pandemic heart map**. Using drawing and/or writing, respond to the guiding questions below that resonate with you. (You do not need to respond to every question, and of course you can also write or draw from your own inspiration.)

When you think of Covid-19, what images or memories stand out for you?

What feelings have you experienced?

What are some of the small moments and/or things you've started to notice or appreciate?

What has been especially difficult about this experience?

Have you learned to do something new?

What worries or wonderings do you have?

How have you stayed connected to people who you love?

What wish(es) do you have for the world right now? For yourself?

CONNECT WITH ME

✓ lilyhoward1@gmail.com

PANDEMIC HEART MAP TEMPLATE

OUTER SHELL

**What is immediately
“obvious” about you?**

You might consider
including your:

Skin/hair/eye color

Gender identity

Clothing choices

The way you immediately
present to others
(Cheerful? Reserved?)

INNER SWIRLS

**What is NOT immediately
“obvious” about you?**

You might consider
including your:

Idiosyncrasies, insecurities,
hopes, worries, wonderings

Important life events

Longings or wishes

Culture, ethnicity,
religion or belief system

Interests and hobbies;
what you really love

Things you're great at

Learning style or
learning variation

DESCRIBE YOUR VISION

WHAT IS YOUR IDEA?

WHO WILL BENEFIT?

WHY IS IT IMPORTANT?

WHO NEEDS TO BE INVOLVED TO MAKE
YOUR IDEA A REALITY?

WHICH EDUCATIONAL ECOSYSTEM WILL BE
IMPACTED BY YOUR IDEA?

WILL YOUR IDEA REQUIRE PERMISSION OR
ASSISTANCE?

SPEAK THE LANGUAGE

Be careful to avoid acronyms
and educational jargon

Be realistic and honest

Avoid assumptions and provide
clear descriptors and identifiers

STORYTELLING WITH DATA

RETURN TO YOUR VISION - WHO WILL BENEFIT?

HOW WILL YOU KNOW IF YOU ACCOMPLISHED THE GOAL?

WHAT DATA WILL REFLECT THE ACCOMPLISHMENT?

WHAT DATA WILL BE INFLUENCED BY THE PROJECT?

HOW WILL YOU COLLECT THE DATA?

HOW TO MAKE A STUDENT SURVEY USING GOOGLE FORMS

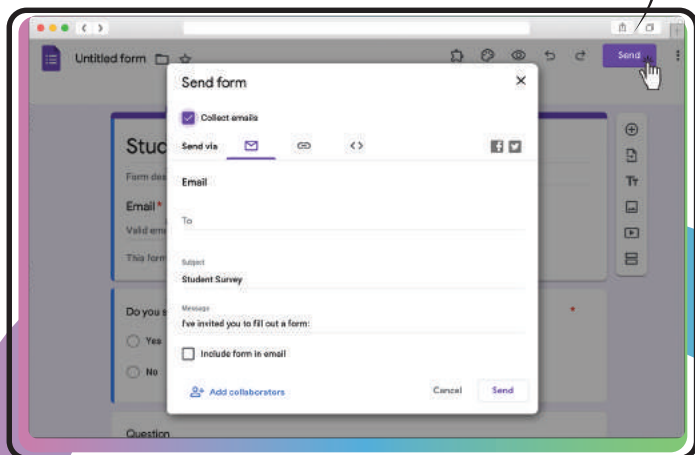

#1

Go to docs.google.com/forms and start a new form

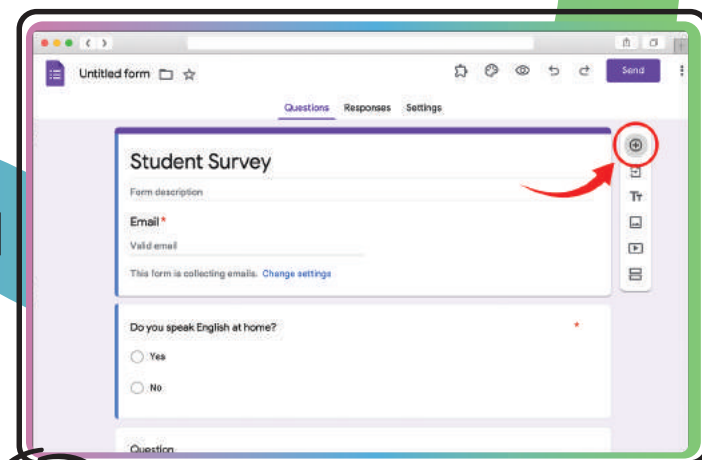

#4

Push Send. Decide if you will send survey to their emails, or add a link to google classroom

#2

Give survey a title

#3

Add questions to your survey. You may select different types of questions as well by selecting "multiple choice" all other question types will appear.

#5

Limit how many times they can respond to the survey in the settings

ANNE CAREY

Exploring the Scientific Method through Art

TEACH IN COLOR:
K-8 ARTS INTEGRATION
AND STEAM CONFERENCE

BIO

Anne Carey is an engineer turned educator and grown-up curious kid who loves igniting the spark in kids' eyes with STEAM. She's the creative brain behind the Left Brain Craft Brain activity blog, the STEAM Explorers monthly digital activity subscription, and the best-selling STEAM Kids series of books. Anne ties together her MIT Chemical Engineering degree, innovation industry experience, and passion for art of all kinds to make learning and creating fun for kids and adults. You'll often find Anne testing projects and building prototypes in her San Francisco Bay Area garage with her 11-year-old daughter and husband.

ERICA ROSENFELD HALVERSON

How the Arts Can Save Education: Reimagining Possibilities

TEACH IN COLOR:
K-8 ARTS INTEGRATION
AND STEAM CONFERENCE

BIO

Dr. Erica Rosenfeld Halverson is a trained theater artist and award-winning professor and chair in the Department of Curriculum and Instruction at the University of Wisconsin–Madison. In that role, she teaches a range of courses to undergraduates and graduate students, including future teachers. Erica has been a field leader in the learning sciences, creating a sub-field that focuses on how people learn in and through the arts. Erica is a seasoned performer and co-founder of two community youth arts programs: Whoopensocker (Madison) and Playmakers Lab Theatre (Chicago). She also performs regularly, working with the Children's Theater of Madison, Four Seasons Theatre, and Music Theatre of Madison. She lives in Madison with her husband, Rich, her daughter, Gracie.

NOTES

CRITICAL THINKING: VISUAL ARTS AND STORYTELLING

MATERIALS

Image of painting,
sculpture or photo

Paper

Pencils

Colored pencils
**if drawing*

STEP 1

Give students a painting, sculpture or photograph to look at.

STEP 2

After observing the image intently, they are instructed to create a short story based on what they see. Their short story must include a beginning, the climax and an ending.

STEP 3

Finally they can share their stories.

ADAPTING PICTURE BOOKS: IF YOU TURN YOUR MOUSE INTO CUBIST ART

Before starting the activity it is a good idea to read "If You Give a Mouse a Cookie" and talk about sequencing and what happens if you give a mouse a cookie.

STEP 1 | INVESTIGATE

Show presentation on how to make a Cubist Mouse following the same sequence and ideas of "If You Give a Mouse a Cookie". Have students comment and talk about the steps for making a Cubist Mouse, and what they understood Cubism was.

STEP 2 | IDEATE

Plan how to make a Cubist Mouse following the steps already seen. Students should have different paper cutouts of shapes so they can play and experiment with and try different ways of making their mouse. They can practice applying lines and textures on scrap pieces of paper.

STEP 3 | CREATE

Create a Cubist Mouse after deciding what to do. Students should glue together their paper cutouts and add details to their mouse with the markers and or crayons and place it on a piece of paper with a frame.

STEP 3 | REFLECT

Share their creation with their peers and reflect on the sequence and how they felt creating their Cubist Mouse. Exit ticket: What makes your mouse a Cubist Mouse? Show other Cubist artworks and compare identifying Cubist elements and vocabulary.

MATERIALS

Book ("If You Give a Mouse a Cookie" by Laura Numeroff)

Color pencils

Crayons or marker

Glue

Paper

Presentation with
adapted story/video

Paper cut outs of
geometric shapes in
different sizes and colors

114 TIPS TO CREATE A STEAM MAKERSPACE

GET STARTED

These are the least expensive items that you'll need to get started. Ask for as many of these items to be donated as possible. Purchase the rest as base consumables.

- ☐ Yarn
- ☐ Embroidery String
- ☐ Cardboard
- ☐ Fabrics/textile swatches
- ☐ Old telephone wire
- ☐ Balloons
- ☐ Popsicle sticks
- ☐ Pipe cleaners
- ☐ Wire cutters
- ☐ Tennis balls
- ☐ Nuts and bolts

- ☐ Paint
- ☐ Model magic
- ☐ Markers
- ☐ Wood blocks
- ☐ Mod Podge
- ☐ Ink
- ☐ Embroidery hoops
- ☐ Old instruments
- ☐ Rubber bands
- ☐ Toothpicks

- ☐ Straws
- ☐ Magnets
- ☐ Duct Tape
- ☐ Scotch tape
- ☐ Felt
- ☐ Dental floss
- ☐ Foam board
- ☐ Poster board
- ☐ Telephone wire
- ☐ Paper: origami, construction, plain

DIG DEEPER

These are items you'll most likely need to purchase and which can take your STEAM lessons to the next level with students. Try crowdfunding/grants for these.

- ☐ Legos
- ☐ Snap Circuits
- ☐ Hole Punches
- ☐ Scissors
- ☐ Copper tape with conductive adhesive
- ☐ LEDs
- ☐ Batteries (AAA, AA, CR2032, C, D)

- ☐ Green screen paper
- ☐ Zoomy handheld microscope
- ☐ Microphone/
- ☐ Microphone stand
- ☐ Chibitronics
- ☐ Qubits
- ☐ Keva Structures
- ☐ Spirograph

- ☐ 3Doodler
- ☐ 3D Printer
- ☐ iPads/Tablets
- ☐ Sewing machine
- ☐ HUE Animation Studio
- ☐ K'Nex
- ☐ Makey Makeys
- ☐ Sphere Ball

WEB RESOURCES

These are websites that your students can access which will help them find ideas, create with web tools and share their work online.

GET IDEAS:

- ☐ Instructables.com
- ☐ CantataLearning.com
- ☐ Makerspace.com

CREATING:

- ☐ edu.buncee.com
- ☐ picmonkey.com
- ☐ canva.com
- ☐ piktochart.com
- ☐ education.minecraft.net

SHARING:

- ☐ creatubbles.com
- ☐ web.seesaw.me

APPS FOR STEAM

This mix of free and paid apps are a good starting place for working in a STEAM-inspired makerspace.

- ☐ DoInk
- ☐ Animation Creator
- ☐ MyStop Action
- ☐ Flipbook
- ☐ StopMotion Recorder
- ☐ Garageband
- ☐ iMovie

- ☐ Drawing Desk
- ☐ EduCreations
- ☐ Shot Designer
- ☐ Storehouse - Visual Storytelling
- ☐ Adobe Voice

- ☐ Echograph
- ☐ Vydene - Film Together
- ☐ Amaziograph
- ☐ Morphi
- ☐ Cardboard
- ☐ NYTVR

FOR YOUR CONSIDERATION

Be sure to think about how you'll store, charge and provide room for students to explore, create and share their work.

CARTS/STORAGE:

- ☐ Clear view bins
- ☐ Labels
- ☐ Cubbies
- ☐ Shelving
- ☐ Rolling carts
- ☐ Checkout system

POWER/CHARGING:

- ☐ Charging stations
- ☐ Laptop/tablet bins
- ☐ Cord wrappers
- ☐ Power strips
- ☐ Label system

WORKSPACES:

- ☐ Collapsible tables
- ☐ Long workbenches
- ☐ Desk groupings
- ☐ Creating area
- ☐ Lab tables
- ☐ Presentation space

STEAM UNITS OF STUDY

Here are some sample ideas for STEAM-driven units of study that you can use for your new makerspace.

- ☐ Study/create string art with linear equations
- ☐ Design a musical instrument
- ☐ Create a new set design
- ☐ Animate a story
- ☐ Robotic movement

- ☐ Explore sound and light waves
- ☐ Microscopy study
- ☐ Art forgery/chemistry
- ☐ Architecture unit
- ☐ Lego Pixelation Wall
- ☐ Coded Grid Art

- ☐ Sound Effect Lab
- ☐ Energy and space through movement
- ☐ Models, structures and sculptures
- ☐ Costume design and wearable art

INDEPENDENT STUDY TRACK

ARTS INTEGRATION CERTIFICATION

About the Program

The IAS Arts Integration Certification Program for Independent Study is the online self-paced version of our program for educators who want to become Arts Integration Specialists and enjoy learning on their own. Independent learners prefer to move at their own pace without the guidance of a coach or the structure of deadlines. With the self-study version of this program, you can complete this at your own pace (take up to 3 years) and can begin at anytime.

This certification program gives you the skills and tools you need to lead a successful school or district initiative for integrating the arts. We've already helped hundreds of educators and we'd be honored to work with you too.

ENROLLMENT PERIOD

Rolling
Admissions for
Independent

DURATION & CREDITS

Self-paced.
20 CEUs + 520 PD Hours.
Up to 3 years to complete.

PROGRAM FEES

\$1997
Flexible Payment
Available

Whether you want to become a national leader in using Arts Integration or the go-to person in your school/district for STEAM and Arts Integration, **this certification program will help you to:**

RENEE SCHUMACHER

Brain Break: From Parabolic Curves to Mandalas

TEACH IN COLOR:
K-8 ARTS INTEGRATION
AND STEAM CONFERENCE

**THINGS
TO PREPARE**

**3 SHEETS
COPY PAPER**

RULER

PENCIL

**COLORLED
PENCILS/PEN
(OPTIONAL)**

You can make curves from straight lines! Using your ruler, draw a straight line from 1-1, 2-2, and so on. This is a PARABOLIC CURVE.

Overlapping Parabolic Curves creates interesting intersections! Connect corresponding numbers around the triangle. One to two, two to three, and three to one.

CONNECT WITH ME

 renee.schumacher@oshkosh.k12.wi.us

 @schum_renee

 @Rschum1376

Draw a circle approximately 6 inches in diameter. Divide the circle in half 16 times to create 32 sections. Mark the half points with little tick marks along the outside of the circle. Label '0-31'

(This model shows the dividing lines in the center for reference)

To create a series of three overlapping parabolic curve line sets, follow these patterns

SERIES ONE

Starting on 0, connect a line every 5 numbers.

0 to 5, 5 to 10, 10 to 15, 15 to 20, 20 to 25, 25 to 30, 30 to 3, 3 to 8, etc. until you end on 0 again.

SERIES TWO

Starting on 0 again, connect a line every 11 numbers.

0 to 11, 11 to 22, 22 to 1, 1 to 12, 12 to 23, 23 to 2, 2 to 13, etc. until you end on 0 again.

SERIES THREE

Starting on 0, connect a line every 15 numbers.

0 to 15, 15 to 30, 30 to 13, 13 to 28, 28 to 11, 11 to 26, 26 to 9, 9 to 24, etc. until you end on 0 again.

POINT TO HIGHLIGHT TREND

Use when students need to explain multiple steps. Think about math problems, science experiment steps, story map or retelling.

Number each box in order of your gestures. Plan your text in the boxes!

A vertical flowchart template consisting of six rounded rectangular boxes arranged in a column. Each box is connected to the one below it by a blue line that passes through a circular node. The nodes are white with a grey shadow and are surrounded by a multi-colored ring (purple, blue, green). The boxes are also outlined with a multi-colored ring.

CHOOSE YOUR CHARACTER TREND

TIPS

SUGGESTIONS

Use this after a novel study, independent reading, or with historical figures. Pick characters with distinct personalities and importance.

Plan your characters in the chart below!

CHARACTER	TRAITS	COSTUME IDEAS	ACTION IDEAS

SONG LYRICS TREND

Use this after a novel study, independent reading, or with historical figures. Brainstorm popular songs or songs that you think of when you read about your character or historical figure.

Plan your characters in the chart below!

CHARACTER/FIGURE	SONG/LYRIC IDEAS	COSTUME IDEAS

CHECK YOUR BIAS

Circle where you believe you currently are in your teaching practice on the continuum

CLASSROOM DECOR

- ☐ I include visual representation of culturally diverse groups in my classroom bulletin boards
- ☐ I theme my door with holidays, events, heroes of non-dominant cultures

CURRICULUM & INSTRUCTION

- ☐ I include literature that tells the stories of marginalized groups from their perspectives
- ☐ My lessons address student generated questions about theme or topic for instruction
- ☐ I provide students with resources of multiple perspectives, frames of reference
- ☐ I validate my students' home language in the classroom while still re-enforcing academic vocabulary
- ☐ My demeanor is personable, caring, warm, humorous, respectful, and supportive, not authoritarian, formal, and/or rigid.
- ☐ The lesson provides time and encourages student reflection and metacognition

COMMUNITY PARTNERSHIPS

HIDDEN EMOTION ART GALLERY

The Hidden Emotion Art Gallery, was started because we have all experienced a great deal of emotions these last few weeks. Feelings of sadness, confusion, anxiety, joy, hopefulness, hopelessness, inspired and many more, have consumed all of us throughout the days and weeks.

This is a gallery dedicated to making these sometimes hidden emotions, visible. The reason the gallery is hidden, is because sometimes we hide our emotions on the inside and don't talk about them to others. This gallery can help start a conversation about how your family is feeling right now during these challenging times through the art making process.

Here are some directions for starting your very own Hidden Emotion Art Gallery. Remember, you can share this with your extended family and they can have a virtual Hidden Emotion Art Gallery too.

1 THINK OF AN EMOTION (OR EMOTIONS) TO BE THE THEME OF YOUR ART EXHIBIT

Think of an emotion (or emotions) to be the theme of your art exhibit. Use the Mood Meter (attached below) to find some emotions you are feeling during this difficult time. If you want to include other family and friends, send this to them and see if they have some artwork to submit as well.

2 FIND SOME SIMPLE TOOLS AND MATERIALS TO MAKE YOUR EMOTIONAL ARTWORKS

Perhaps you use junk mail, post it notes, printer paper, toothpicks, straws, napkins, tape or anything else you can find to create with! For some 3D work, look for some clean recyclable materials like boxes and plastic containers.

3 THINK OF A SPACE FOR THE HIDDEN EMOTION ART GALLERY TO BE LOCATED

Someplace not many people notice in your home. It could be under a table, behind the stairs, on the floor, outside somewhere, it could be anywhere! Hang the artwork using tape or something safe, or lean them against a wall. Give your art gallery a name to hang by the entrance.

4 HOLD A GALLERY OPENING AND INVITE EVERYONE TO ATTEND

Maybe everyone in the house has their own gallery with a different theme. Each gallery can provide some snacks, sweets and drinks to eat while you look at the amazing family artwork. Invite your guests and artists by making invitations as well. Put on some good music, dress up in your finest outfits and make a night of it with the whole family. Have fun!

** If you want to have more than one gallery, have a gallery hop where you visit all the galleries in your house one night.*

IMPORTANT

This is a challenge for the whole family. Everyone must be an artist and create a work of art for the hidden emotion art gallery. If they say "I'm not an artist!" tell them they are and they have feelings too. Now is the time to make them visible and talk about them. You can do this challenge whenever is convenient. You can do it after your parents are done with work or wait until the weekend. Take your time and have some family fun time!

ALYSIA LEE

Radical Creativity

TEACH IN COLOR:
K-8 ARTS INTEGRATION
AND STEAM CONFERENCE

BIO

Kennedy Center Citizen Artist, Alysia Lee has a full circle role as an artist, arts educator, teaching artist, and policymaker. She is the Founder and Artistic Director of Sister Cities Girlchoir (SCG), the El Sistema-inspired, girl empowerment choral academy in Philadelphia, Camden, and Baltimore in its tenth season.

Lee is the education program supervisor for Fine Arts Education for the Maryland State Department of Education across five arts disciplines: music, dance, visual art, theatre, and media arts. She is the President-Elect of the State Education Agency Directors of Arts Education (SEADAE). Alysia is the series editor of Hal Leonard's Exigence for Young Voices, the new choral series uplifting Black and Latino composers for young choir ensembles. Her piece 'Say Her Name' is published by Hal Leonard.

NOTES

Student Analysis of Historical Artwork: Form/Content/Context

ART & ARTIST:

COMPARE OR CONTRAST WORKS OF ART

ART & ARTIST:

FORM

Elements of a work of art independent of their meaning

Does the Artwork fall within an established genre?

Historical, Mythical, Religious, Portraiture, Landscape, Still life, Fantasy, Architectural

Appearance

2D or 3D, Painting or Drawing, Free flow or geometrical, Grouped or distanced shapes

CONTENT

What gives the composition meaning

Who is in the artwork? Can you see a relationship of subjects? What are they wearing? What are the expressions on their faces?

Does the art have Political or Religious subjects, props or images?

CONTEXT

Circumstances in which a work of art is produced and/or interpreted

Can you make inferences as to the artist's thoughts and intentions?

Can you make relevant connections or comparisons with other pieces of art or to other fields of study?

Did this occur before or after the artwork was created?

Has this piece of art been influenced by trends, fashions or ideologies?

What can you learn from the way the artists has portrayed this person/scene/image?

Demonstration of Student Learning Ideas

DEVIL'S ADVOCATE

Play devil's advocate. Create a monologue or short story from the opposing point of view.

TABLEAU

Create a series of motionless figures recreating a scene based on their analysis.

YES, AND...

This game comes from an actor's improvisation skill by building upon a statement. Groups or a whole class stands in a circle. The first student creates a statement or situation. The student next to them says, "Yes, and" and adds to it.

WHAT DID THE ARTIST SAY?

Given the historical context and subject of the piece, ask students what they think the artist is trying to say (what does the piece mean), and who do they think is the intended audience? Support your view by referring to specific elements of the image and what you know about the history of the time.

I SPY

Create a narrative based on the figures they have "spied" in the art. Or have students work collaboratively and create a story of an object.

TIMELINE

Create a timeline and recount the story or actions you interpret from the piece of art you are analyzing.

TELL A STORY

Have students create a story describing art from the perspective of the characters in the portrait.

Create a story discussing how all of these events from the art are linked together.

Have students create a short dialogue or script. What happened before? During and after? Write a story as if they were walking through time with these characters.

Tell a story but from the perspective of an inanimate object in the art.
