

I Can Statements

FIFTH GRADE

Lesson: Art Hypothesis

I can **use** the scientific method to **find** a new medium for art making.

Lesson: Home Is

I can **research** a topic through art and **create** a collage based on my findings.

Lesson: Interpreting Figures

I can **listen** to music and **write** an analysis based on the lyrics, tempo, and dynamics to **share** the intention of the piece.

Lesson: Voices in Music

I can **identify** and **classify** two-dimensional figures that appear in an artwork.

I Can Statements

FIFTH GRADE

Lesson: Documenting Grit

I can **create** a short documentary movie about a person of color in the science field.

Lesson: Create the Problem

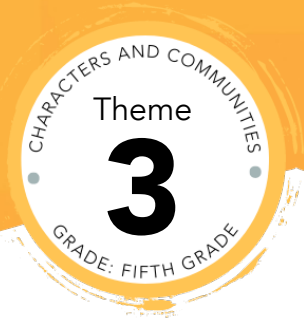

I can **solve** a word problem with fractions using a picture I created with fraction circles.

Lesson: Character Concept Album

I can **share** a character's path by highlighting their challenges and responses by **creating** a concept album for them and explaining my choices.

Lesson: Hear Him, Hear Me

I can **write** a new speech for Dr. Martin Luther King, Jr. by listening to earlier speeches and **making** it modern.

I Can Statements

FIFTH GRADE

Lesson: Aligning Worlds

I can **create** a model of an ecosystem using art techniques.

Lesson: Crafting Volume

I can **use** volume to **help** me **create** a copy of my community in Minecraft.

Lesson: Building Voices

I can **write** a monologue for a new character I **create**, in which they **respond** to current events.

Lesson: Playing the Scene

I can **compare** and **contrast** different written and musical interpretations of the same setting.

I Can Statements

FIFTH GRADE

Lesson: Finding the Line

I can **look** at art and **translate** the different lines I **see** into coordinate geometry.

Lesson: Dance of Culture

I can **write** about how a dance can **reflect** the culture it came from.

Lesson: Properties of Design

I can **design** a new costume for a character using certain materials.

Lesson: Artful Approach

I can **write** about two different stories based on their illustrations.

I Can Statements

FIFTH GRADE

Lesson: Emphasized Math

I can **create** a video that **teaches** other students how to **solve** math problems using parenthesis and brackets.

Lesson: Earth Energy

I can **make** up an original dance to **explain** how the earth's systems interact with each other.

Lesson: Analyzing Intent

I can **compare** a movie version and a book version of the same story, and then **compare** my thoughts to those of my classmates.

Lesson: Stage Shadows

I can **work** with others to show how lighting is used to **express** different times of day and year.
